Office of the Government
Director, Industrial Concerns,
Bangalore, Dated, 26th July, 1943.

No. G.86

To

The Secretary to Government,
Development Department,
Bangalore.

Sir,

Chemicals required for Industrial & Testing Laboratory for the manufacture of "ITEOL".

I have the honour to state that the General Manager, Government Industrial & Testing Laboratory reports that the stock of Parachlorametaxenol and Cresentol required for the manufacture of Iteol has gone down and that he wants to replenish the stock in time. These two chemicals are not available anywhere in India and they have to be obtained from foreign countries. Quotations were called for, by cable, through the Trade Commissioner for Mysore in London and the necessary import license has also been obtained from the chief controller of imports, New Delhi.

I have therefore permitted the General Manager to place orders for 5 cwts. of Parachlorametaxenol and 5 cwts. of Cresentol at 4sh. 5d. per lb. and 4sh. per lb. respectively f.o.b. The Secretary, Stores Purchase Committee has been requested to place orders with the firm through the Trade Commissioner for Mysore, in London. The total value of the purchase will be about Rs.3,500/- and this will be met out from the revenue funds of the laboratory.

P.T.O.
